Detailed Spec

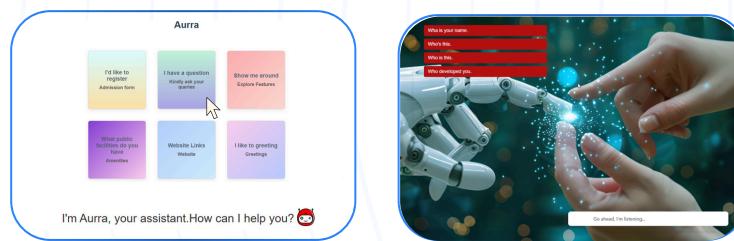

AURRA UI

New Intelligence

Instant Access to Registration Form

A simple, user-friendly action card designed to streamline registration by directing users instantly to the admission form. It enhances the onboarding experience by reducing steps, improving clarity, and guiding users toward quick and effortless form submission.

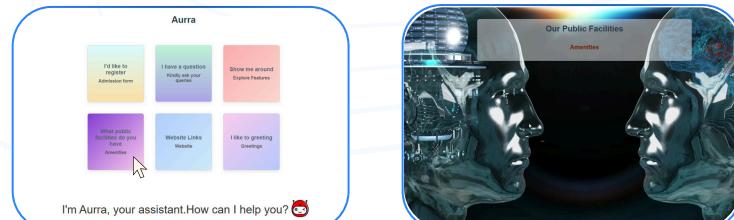

Ask Your Questions Effortlessly

A user-friendly action card that provides immediate access to the query submission section, allowing users to ask questions with ease. It enhances user support by offering clear guidance, reducing confusion, and ensuring quick assistance whenever needed.

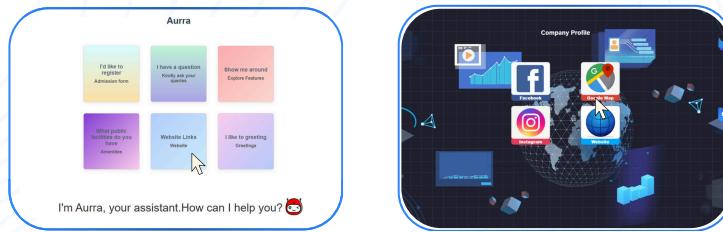

Interactive Feature Walkthrough

A clean and interactive action card that guides users through the platform's features, helping them understand functionalities with ease. It enhances user onboarding by offering a clear, intuitive pathway to explore and familiarize themselves with the system.

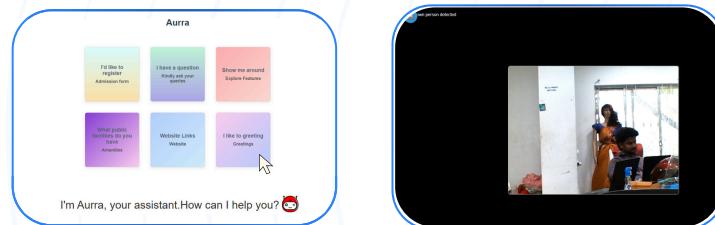

Explore Our Public Facilities

A dedicated action card that provides users with quick access to detailed information about available public facilities and amenities. It enhances transparency and user experience by offering a clear, organized pathway to explore all services offered.

Quick Website Navigation

A simple and accessible action card that provides direct links to the organization's website, enabling users to quickly navigate to online resources. It ensures seamless access to essential information, enhancing overall user convenience and connectivity.

Express Your Greetings

An interactive action card that enables users to initiate greetings effortlessly, enhancing engagement and creating a friendly, welcoming interaction. It adds a personal touch to the user experience by making communication simple and intuitive.
